Hi Vico,

I hope you all had a wonderful Christmas.

I am working to get you a PO for room 146.1 shade replacement today. Is there any way we can export both the fabric on tubes for the fitness room and 146.1 on 1/6/26? I have an installer working close by until about the 13th so I'm hoping to have these onsite by then so he can go straight over to TPS Hutto to install these punch items. Please let me know what you can do.

Sincerely,

Hello Brian

Attached you will find the quote for the requested replacements

Victorio,

Please see attached recap approval. We need a revised quote for fabric on tubes only. Also, when there are three shade or four shades on one window, there can't be a standard ¼" deduction taken on every shade. It just allows too much of a deduction so we may need to revise the deduction taken in those instances. Please send over a quote and how quickly you can get these out.

Thanks so much,

Sincerely,
