Hi Armando & Vico!

Fabian mentioned you would have a recap to us on Monday, September 29. Please send recap by **no later than 1pm PST today**.

As a reminder, we should have this no later than 5 days after measures. This is what was agreed upon.

Thank you,

Whitney Warren

Casey

PO well received,

Armando and Victorio will follow up with recap on Monday,

have a nice weekend

On Fri, Sep 26, 2025 at 12:27 PM Casey Cain <casey@hubbardcontract.com> wrote:

Good afternoon, Baja Team-
Please find the attached PO for HIEX Davenport.

- Please confirm receipt w/48 business hours.
- Please note, export date has assigned, 10/21.
- Please also find the attached work order with exact dimensions.
 - **Please note, as per our recent agreement, the recap is to be provided back to Hubbard by this time next week**
- Please ensure goods are placed on order ASAP.

Whitney will be expediting/following up this order from today forward.

Have a good weekend, please let us know if you have any questions.

Hi Abel-

We received the PO from the client this afternoon. Sizes have small differences. Please revise your quote 39515 based on the measures on the attached worksheet.

VICO – Please get the balance of fabric on order as well as the brackets as we discussed. Will get the FINAL PO to Baja once we get a revised quote back from Abel.

Thanks!!!

Subject: Re: Project #3033 HIE X Davenport

Hi Andrea,

Per my conversation with Casey, the tentative export date would be 10/21, based on getting the PO ASAP so we can order materials. We have partial material, however it would take around 2 weeks to get the one we have shortage on, specially the BO fabric.

Regards.

RFQ well received

On Thu, Sep 18, 2025 at 11:24 AM Andrea Hubbard <andrea@hubbardcontract.com> wrote:

Hi Quotes Team,
Could I please get a quote ASAP? Customer is ready to order.
Important, how quickly could we ship these? They want delivery 10/13, is that even possible?? If not, please let me know when.

- 91 sheer and blackout shades (no side/sill/fascia) @ 64"W x 74.25"L
- 4 sheer and blackout shades (no side/sill/fascia) @ 60"W x 74.25"L
- They would like these quoted with the 5" tall skyline (or equivalent) dual brackets. They are reusing existing side channels so we need a taller bracket than the single brackets. See picture below.

Thanks,
Andrea
