Kelly,
I have submitted the order for these 3 shades without fabric to Mecho. Please add the attached files to R-178 for Job#23-247. I have added them to the Planning Worksheet for this job. In about 2 weeks we should have an estimated ship date, I am guessing you will need to notify the customer when they ship and plan to deliver.

Thanks,

David Storm

David, I assumed this would be a change order on the original job, which was 23-247.

Thank You,

@[Orders](#) I don't see a Job set up on the Planning worksheet for Quote#25-147. Wan an order submitted? Do you want me to set this Buy in Product in BMX or will you do that? This will be Kelly's job. Everything is ready to order, the only thing I don't know is if payment has been received. Based on the attached email it may have been received 2 weeks ago so we really need to get this moving for the customer.

Thanks,

David Storm

David,

Thank you!

This was approved on 2/28. They were going to send payment the following week. The shades can ship directly to the property. Address is below.

Rain Rock Casino Resort
777 Casino Way
Yreka CA 96097

Kelly,
I got the pricing from Mecho but I have not ordered anything. When was the approved ordered submitted? I do know they need to be ordered in a specific way from Mecho (As a Proposal) to get the correct pricing so I can handle that. I am guessing that I will need to set up something in BMX with Buy in Product.

Thanks,

David Storm

@[David Storm](#) the customer approved the quote and wants to proceed with the order of the Mecho manual shades. I asked Mark if the shades had been ordered. He thought you may have ordered them. Can you advise?

Hi Kelly,

Attached is our quote for Mecho manual hardware without fabric to be used for the conversion of the existing motorized shades to manual.

Thanks,

I will get a copy of the order and submit to Mecho to see if this is possible. The second option would be to order manual shades without fabric as you requested and transfer to the new manual system. Mecho's shade tubes have a spline attachment so that should also be possible.

Thanks,

David Storm

David,

Yes, that was the customer's first request. I asked Mark about this and he told me the customer should order new manual shades. The property may try to do this themselves. And I do have installers going back to do a final phase in March or April.

If you can help with this, it would be great. Thanks David.

Thank You,

Kelly Caldwell

Kelly,

I handle most of the Mecho Quotes. If the motorized shades they have are the correct size, they should be able to convert to Manual without remaking the shades by taking the motor out and installing a clutch. I would need to confirm with Mecho if this is possible with this order. Please advise if this is something they would like to do possibly.

Thanks,

David Storm

Kelley,

Please quote Mecho.

If it's possible, can you make the fabric cost a separate line item? They want to transfer the existing fabric bands from the current shades to the new shades, and they are going to do that themselves. So, they may want to order the new shades without the fabric.

Thank You,

Kelly Caldwell

Kelly,

Please confirm if they would like Mecho Shades (manual) to once again be provided or if RWP shades would be sufficient.
