It's probably because they are showing "on hold" in BMX because you can't release the lines after an invoice has been created.

This is a BMX issue that needs to be resolved.

I will delete the invoice and you can release the single lines and email Juan & Oscar from BMX to advise we need these shades.

Ember,

These were not produced. I have asked why as they need to be produced.

Thank you,

Sallie,

I see that the 115 Dual shades are completed for this order. However, after I invoice partial, the lines on hold cannot be released.

Can you tell me if the 5 single roller shades on this order are also completed?

Thanks!

~ Ember
