Thank you. I will make note.

Sallie McCoy is the PM on this project. I have copied her on this email.

Hello Ember

Due to customer needing immediately, and no availability of fabric until late December, we are going to make this PO with Worth White. No action required on your end, our invoice will say we substituted. I just want you to be aware.

Mark, please duplicate this PO with new PO # and issue to me so when the correct fabric arrives, we can make and send to customer.

Dave and I discussed.

Dave, who is the project manager on this? Dan is asking so that when it is ready he knows who to contact.

Thanks
Stephen
