Leslie,

I have not heard back from you regarding the status of the matching order for this job.

- What is the correct contract schedule of values?
  - Matching Customer PO?
- Confirmation of all product produced and received on site?
- Status of final install?

The updated quote attached on 9/26/25 of \$14,086.25 does not match the job total.

Please also advise the status of the motorized WT for the ADA unit that has no open order or motorized parts allocated to-date.
