Deluxe Frames are designed to complement various shutter profiles. Note that all profiles are not available in all shapes. These frames are available in PAINT only. When ordering Deluxe products use the Deluxe Order Form.

Always supply tip-to-tip dimensions in addition to the window opening dimensions when ordering any Highlite product over shutters.

If you have a profile you would like us to produce for you, we would be happy to give you a quote. Most profiles can be created within 2 weeks at a cost of \$300.00. If you have a large enough order we can participate in that cost. Ask Steve.

Profile 3 - Deluxe Operable Arch over Comfortex Deluxe Z

Profile 1 - Deluxe Facia over Norman Small Deco

AVAILABLE COLORS

HighLite® maintains up-to-date 2" horizontal decks to offer complementary colors to a large number of fabricators including Graber, Hunter Douglas, Timber Blinds, Royal Windows, Vista and Budget Blinds - just to name a few! In the event your color requirement is from another fabricator, check with us to determine if we have that deck available. If we do not, it will be up to you to supply us a sample. In the event you specify a particular paint to be used, a \$40 charge applies.

Stain Policy: First, it is necessary for you to communicate to us what you want your match to be. This can be a sample you send to HighLite, or instructions from you to match a particular color from the listed fabricators. Keep in mind if you are matching a blind, the actual blind you receive may not match yours or our sample deck. Due to this possible variance, we require you to approve a strike-off which will be sent to you within 48 hours of receipt of your color information. Production time on stained product does not begin until we have your color approval in hand.

Faux Stains: These are the most difficult to match due to the fact that they are neither paint nor stain. In the event paint works best, a \$40 custom paint charge applies. If stain works best, use Stain Pricing Grid. Stain Policy also applies.

IMPORTANT NOTE: Current Shipping Rates, Order Forms, Suggested Retail Pricing Guide, Photo Gallery, Installation Instructions, Credit Application and many other tools are always available on our website at:

www.TheArchGuys.com or www.HighLiteInc.com

POLICIES AND IMPORTANT INFORMATION:

All Products listed in this guide (except Stock Arches) are available with either Round or Square Openings.

All pricing information in this guide is for Outside (or Flush) Mount; upcharges apply for Inside Mount. (See below)

C.O.D. Orders: \$15 per box Upcharge for UPS. Items shipped by LTL Carrier cannot be shipped COD.

Restocking Fee: (Stock Arches Only). A fee equal to actual shipping and handling charges both ways will apply.

Repaint: \$45 per unit plus shipping costs.

Material Used: Our product is fabricated from a high-density fiberboard (primarily Pine). This product gives the look and feel of solid stock. When stain is required, a maple veneer is applied.

Template Free Ordering: When using our standard flush, outside-mount procedure, it is not necessary to supply a template.

Instructions for both ordering and installing are available on our our website.

OOPS Policy: Any order that requires a remake due to customer error will be credited 50% of either the new or original invoice amount, whichever is less. Shipping charges apply. Limited to one per year.

Brochures: Dealer Cost \$15 per Hundred.

Deluxe Sample Kit: \$35 Includes an operable arch, and 25 brochures.

Shop Displays: Special Pricing on shop displays. Please call for quote.

Late Fees: A \$25 Late Fee per Invoice applies to all payments received after 30 days (Term Accounts).

Shipping: See separate Shipping & Handling Sheet (Check our website for up-to-date Shipping Information)

INSIDE MOUNT

www.TheArchGuys.com or www.HighLiteInc.com

When ordering arches or eyebrows Inside Mount, a template is required and a template charge of \$70 Retail applies. For this we prepare a hard template of your product and send it to you to be checked in the window. If you choose to waive this process, HighLite is not responsible for fit. On all inside mounts, an Inside Mount Kit is suggested. This Kit includes a 1-1/2" x 3/4" Mounting Strip painted to match the arch. The arch is then mounted to the strip using our removable mounting system. Call for details. Retail cost \$15.00 per foot. Inside Mount is substantially more difficult, requires a template and should only be utilized when conditions dictate.

REMOVABLE MOUNTING

Not Available with Deluxe Frames

This system utilizes screws with screw-hole button covers. Allows for easy removal of HighLite. No extra charge!

Original mounting utilizes 2 bottom brackets and 3 pre-drilled finish nails around perimeter.

Proudly Manufactured in
Mesquite, Texas U.S.A.
